Revolutionary Productivity Tools for Macola

SOFTWARE PRODUCT and PRICE LIST as of August, 2020

All of our software products work directly with your Macola® Progression, ES and 10 software.

PULSE DASHBOARD Realtime Data Management Suite

PULSE Dashboard & Reporting Software digs deep into your Macola® database to pinpoint opportunities to reduce backlogs, optimize inventory, pinpoint shortages, ship on-time, reduce costs and increase your profits.

▶ **PULSE DASHBOARD MANAGEMENT SUITE**
Executive Module (includes 5 users) *   **$5,000**
Additional 3 or more user licenses (each) **   **$ 400**

▶ **SOLUTIONS FOR EVERY DEPARTMENT**
Each module: **$1,500**
Customer Service / Shipping
Sales and Marketing
Financial Control
Inventory
Purchasing
Production Control (POP or Shop Floor Control)
MRP/Material Requirements Planning
Designer (link to non-Macola® databases & custom SQL queries)

▶ **ADVANCED MODULES**
Purchase Order Generator ***   **$3,000**
Recalculate Inventory ABC Classes   **$1,500**
Recalc. Reorder Levels & Vendor Lead Times *** **$3,000**
Lot & Serial Number Traceability/Recall Tracking **$3,000**
Serial/Lot & Scrap POP Reporting   **$3,000**
Multi-level Bill of Material Report   **$1,000**

*   The first five users are licensed for an unlimited number of databases. Additional users are licensed per database.
**   After the initial sale, user licenses are sold in bundles of three for $1,200.
*** These modules include 3 hours of customization. Additional hours are billed on a time and material basis.

PULSE ARCHIVE Scheduled Data Archiving

PULSE Archive utility speeds up your Macola® processing by archiving unneeded data. After you establish a retention policy for your major data files, Archive automatically removes unneeded data and moves it to your archive database. Archived data can be accessed at any time into the future using standard Macola® screens and reports.

▶ **PULSE ARCHIVE**   **$3,000**

PULSE LOCKBOX Bank Lockbox System Integration

PULSE Lockbox eliminates manual keying of customer remittances by importing your bank's file of cash receipts. Lockbox lets you see that each receipt was properly matched to your accounts receivable file before posting.

▶ **PULSE LOCKBOX** *(includes 6 hours of customization - add'l hours are billable)*   **$10,000**

PULSE eCOMMERCE Automated Customer Order Import

PULSE eCommerce software eliminates manual re-keying of customer orders by importing them directly from your web site, web-based EDI service, spreadsheets, etc. After shipping, it updates your web site with tracking numbers or creates advanced shipping notices (ASN) for improved customer service.

▶ **PULSE eCOMMERCE** *(includes 6 hours of customization - add'l hours are billable)*   **$7,000**
▶ **"Lights Out" Unattended Version Add-on**   **$4,000**

PULSE DEMAND PLANNER

PULSE Demand Planner pinpoints items to be purchased from long lead-time vendors to meet future customer shipments. Forecasts are imported from ForecastPro or your internal generated forecast. Ideal for time-phased planning and monitoring of purchases from overseas vendors. Manual keying of purchase orders is totally eliminated by using our Purchase Order Generator. Requires the purchase of the PULSE Dashboard & Reporting software as well as the Designer and Purchase Order Generator modules.

▶ **PULSE DEMAND PLANNER** *(includes 6 hours of customization- add'l hours are billable)* **$20,000**

PULSE UTILITIES Quick, Easy Solution that Save Time & Increase Productivity
