

# Revolutionary Productivity Tools for Macola

## SOFTWARE PRODUCT and PRICE LIST as of April, 2015

All of our software products work directly with your Macola software and do not require Macola Flexibility.  
All of our software products work with Exact Macola Progression, Macola ES and Macola 10 unless noted.

### PULSE DASHBOARD Realtime Data Management Suite

*PULSE Dashboard & Reporting Software digs deep into your Macola database to pinpoint opportunities to reduce backlogs, optimize inventory, reduce costs and increase your profits.*

▶ <b>PULSE DASHBOARD MANAGEMENT SUITE</b>	<b>Executive Module (includes 5 users) *</b>	<b>\$5,000</b>
	<b>Each additional user licenses **</b>	<b>\$ 300</b>
▶ <b>ADDITIONAL DASHBOARD MODULES</b>	<b>Each module:</b>	<b>\$1,500</b>
	<b>Customer Service / Shipping</b>	
	<b>Sales and Marketing</b>	
	<b>Financial Control</b>	
	<b>Inventory</b>	
	<b>Inventory ABC Class Generator</b>	
	<b>Purchasing</b>	
	<b>Production Control (POP or Shop Floor Control)</b>	
	<b>MRP/Material Requirements</b>	
	<b>Designer</b>	

\* The first five users are licensed for an unlimited number of databases. Additional users are licensed per database.

\*\* After the initial sale, user licenses are sold in bundles of three for \$900.

### PULSE LOCKBOX Bank Lockbox System Integration

*PULSE Lockbox eliminates manual keying of customer remittances by importing your bank's file of cash receipts. Lockbox lets you see that each receipt was properly matched to your accounts receivable file before posting.*

▶ <b>PULSE LOCKBOX</b> (requires interfacing with your bank file, additional cost)	<b>\$5,000</b>
--	----------------

### PULSE eCOMMERCE Automated Customer Order Import

*PULSE eCommerce software eliminates manual re-keying of customer orders by importing them directly from your web site, web-based EDI service, spreadsheets, etc. After shipping, it updates your web site with tracking numbers or creates advanced shipping notices (ASN) for improved customer service.*

▶ <b>PULSE eCOMMERCE</b> (requires interfacing with your import file, additional cost)	<b>\$5,000</b>
--	----------------

### PULSE ARCHIVE Utility Scheduled Data Archiving

*PULSE Archive utility speeds up your Macola processing by archiving unneeded data. After you establish a retention policy for your major Macola data files, Archive automatically removes unneeded data and moves it to your archive database. Archived data can be accessed at any time into the future using standard Macola screens and reports.*

▶ <b>PULSE ARCHIVE</b>	<b>\$3,000</b>
------------------------	----------------

### NEW! PULSE SECURITY for Progression User + Data Access Control System

*PULSE Security utility for Progression provides centralized control and detailed reporting of individual user access to sensitive Macola data. User security access rights can be added or removed right from your screen.*

▶ <b>PULSE SECURITY for Progression</b>	<b>\$5,000</b>
---	----------------

---
